

Goals (so far)

- To celebrate the Road to Monmouth's 225th Anniversary
- To expose those attending events to Ham Radio
- To expose Hams across the world to New Jersey's Revolutionary War history
- To practice emergency preparedness in the communities across NJ.
- Give Hams something to collect (nice certificates, worked all campaign locations)

Background

- A group called the "Road to Monmouth Partnership" is coordinating celebrations in about 20 different communities in New Jersey.
- These events commemorate troop movements from two great armies, the British Army, with a large number of Hessian soldiers, 20,000 strong, and the Continental Army, 13,000 strong (plus about 4,000 of the New Jersey Militia).

- The celebration is greater than the simple movement of troops. It also celebrates New Jersey communities involved in the troop movements, and the United States in general.

Manalapan Township, Freehold Township
*note that the reenactments are on Field Day
Weekend!*

The Ham Radio Part

- **Put stations on the air in each town, telling the history of that day.**

QSL Plan

- (here's my thought...)
- I suggest we get a pile of basic "Road To Monmouth" certificates printed in colors, and then add the call/club/town as a post-printing in black ink.
